The Republican party took the credit for the advance in wheat—it was the Dingley bill, they told us, and there were people ignorant enough to believe what they said. If they were responsible for the advance are they willing to assume the responsibility of the slump this week?

The Newport News Commercial, a mugwump contemporary, states for the information and edification of its readers that "The bullion in the silver dollar is worth 39.66 cts. at present." If the Commercial wants to be fair and honest why does it not state the reason for this disparity between the metals? Like all gold bug journals the Commercial prints nothing that will enlighten the people on the great question of finance.

CONVENTION IN WILLIAMSBURG.

For The Purpose of Nominating a Candidate For Leg. Asature.

The chairmen of the counties and cities composing this Legislative district met at Lee Hall Tuesday morning at 11:30 to select the place for holding the Convention to nominate a candidate for the House of Delegates. The following gentlemen were present when the meeting was called to order by District Committeeman D. G. Smith, of Newport News; Dr. J. H. Crafford, Warwick; Mr. W. E. Goffigan, York; Mr. A. J. Barnes, James City; Mr. L. F. Barnes, New Kent and Mr. W. E. Barrett, Newport News. The Chairman of Charles City County, Mr. L. W. Wilcox, was represented by proxy, Mr. L. F. Barnes casting the vote, and Dr. James D. Moncure, of Williamsburg, by Mr. A. J. Barnes, of the county.

Williamsburg was chosen on first ballot as the place for holding the Convention and the time was set for September 30th. The basis of representation was decided upon after much discussion and gives each county and city a delegate for each fifty votes or fraction over twenty-five which were cast in 1893 for Governor. The Convention will have 44 delegates, as follows: Newport News 16; Warwick 4; York 11;

James City 7; Charles City 4; Williamsburg 2.

The names of Hon. Thomas Temple Powell, the present Representative of this district, and Mr. W. T. Moss, of Newport News, and of Hon. J. F. Hubbard, of York, will go before the Convention.

Mr. W. L. Schenck, one of the leading business men of this section, expects to make a business trip North the latter part of this week.

One of the letters, written to the Gazette from South Bend, Ind., speaks of the corn growing so large that a ladder will have to be used, as long as the one Mr. Dahn has in his yard to gather his plums, in order to reach the ears on that field of corn. I would suggest that Mr. Dahn loan it to one of the Oak Tree farmers, who would no doubt appreciate the kindness.

Miss Lizzie Hovey, who has been ill at her home for so long, is rapidly improving.

We shall be pleased to have "Morris" write a good newsy letter to the Gazette every week, and her name will not be made public we guarantee.

Weak Lungs

Hot weather won't cure weak lungs. You may feel better because out of doors more, but the trouble is still there. Don't stop taking your

Scott's Emulsion

because the weather happens to be warm. If you have a weak throat, a slight hacking cough, or some trouble with the bronchial tubes, summer is the best time to get rid of it. If you are losing flesh there is all the more need of attention. Weakness about the chest and thinness should never go together. One greatly increases the danger of the other. Heal the throat, cure the cough, and strengthen the whole system now. Keep taking Scott's Emulsion all summer.
